## Life on board

On warm days, daytime cruising is largely spent on the ship's Sun Deck with its 'garden-style' seating. Just relax and admire the scenery drifting past, enjoy the breeze and the sun warming your face, this is river cruising at its best. Even when the climate dictates that you remain tucked inside the spacious lounge bar you still have an awareness of open spaces and breathtaking scenery around you due to the magnificent panoramic windows. This delightful lounge is where the on board entertainment and get-togethers take place. With a dance floor, well-stocked bar and comfortable seating for everyone, it's the 'hub' of the ship. There is a small souvenir shop keeps you supplied with postcards, maps and a selection of souvenirs.

## Your Ship

### MPS Amsterdam - Cabin Accommodation

All cabins were completely refurbished during the winter of 2009 and offer en-suite facilities with a shower, wash basin and toilet. Twin cabins have a practical fold up construction that allows one of the twin beds to be transformed into a seat during the day. The cabins are located on both the Promenade and Main Decks, with

the 36 cabins on the Main Deck being only accessible via a stairway. A chair lift Interconnects the cabins and public rooms on the Promenade Deck with the Sun Deck. All of the 13 Promenade Deck cabins benefit from panoramic windows; whilst the cabins on the Main Deck have sliding windows placed at a higher level which permits plenty of natural light, but due to the height it makes them more difficult to see out of. The M2BV cabins at the front part of the ship on this deck level also have their view obscured in part by the ship's bulwarks. Very little time is spent in the cabins anyway; there's too much going on around the Sun and Promenade Decks!

### MPS Lady Anne

A choice of cabin accommodation is offered on three levels from single berths on the Passenger Deck to 2 berth cabins with panoramic windows on the Main and Promenade Decks. All cabins, from single berths to triple berths, have outside views, ample heating, a safe and private facilities with washbasin, shower and wc; two superior cabins on the Promenade Deck also offer a bath with shower attachment. Please note: stair lifts lead from the Sun Deck to the Promenade Deck, Promenade Deck to the Main Deck and the Main Deck to the restaurant area of the Passenger

Deck (the lift does not give access to the Passenger Deck cabins). The ordinary stairs are quite steep and those to the Passenger Deck are particularly steep, therefore the cabins on the Passenger Deck are NOT RECOMMENDED for people with any sort of difficulties with stairs. Please also note that 3 berth cabins are 2 lower bunks and 1 upper bunk.
